ABOUT THE PROJECT

AGE:WISE strives to fill the ever growing gap between Generation Z and seniors through promoting **learning with, from and about one another within the context of intergenerational learning.**

But more than just promoting intergenerational learning, seniors should be **motivated to take on the role of teachers** AGE:WISE provides them with **self-reflection skills, tools and confidence to initiate teaching.**

GOALS

Supporting seniors to recognise their personal, valuable competences and knowledge; thus restore their self-confidence outside of their professional careers.

Empowering seniors to slip into the role of a teacher and pass on their valuable knowledge to younger generations.

Offering implementation tips for intergenerational learning settings contribute to raising awareness of these non-conventional learning settings.

RESULTS

RESEARCH REPORT

The RESEARCH REPORT comprises best-practice examples for intergenerational learning and accentuates potentially new settings. Furthermore, the specific learning needs of seniors are assessed.

WEB PLATFORM

A digital, web-based SELF-REFLECTION TOOL helps seniors to raise awareness about their rich pool of competences. SUCCESS STORY VIDEOS are available to motivate seniors to take over the role of a teacher and include valuable tips and inspiration on the realisation of intergenerational learning.

TRAINER PACKAGE

The TRAINER PACKAGE includes a CURRICULUM for a TRAINING-SKILLS-COURSE for seniors, as well as GUIDELINES for adult education institutions on how to practically implement intergenerational learning.

LEARNING PACKAGE

The LEARNING PACKAGE for the TRAINING-SKILLS-COURSE includes five modules about learning to teach. These are all available online with unlimited access.
